Country is Excellent, and  
Business Are Being Raised.

authorities are to be greatly

visitation.

cases in the past 24 hours,  
as confirming Dr. White's

hospital service, who was

his work here he has co-op-

or mild type of fever.

Improvement in state con-  
tinues.

Providence considers that the

Tallah board, has issued an

that while disinfection was not

others answered the appeal, the

ficer of the day today published an  
order dated Oct. 15, dismis-  
and Deke from the service  
of his court marriage to the

of the Duke of Devon. The de-

## QUEER ANTICS OF INSANE MAN.

New York Physician is Temporarily  
Bereft of His Senses.

New York, Oct. 17.—Temporarily  
bereft of his senses following a severe  
mental strain, Dr. Arthur Sinclair  
Knudsen, a well known physician and  
clubman, disrobed in the New York  
Central freight yard in this city early  
yesterday morning and climbing upon  
a freight train rode as far as Yonkers  
before his plight was discovered by  
trainmen. He suffered greatly from  
exposure, but will recover. When he  
received medical attention Dr. Knud-  
sen said:

"I started away from the club Sat-  
urday night. I was afraid—I don't  
know why. I walked up the avenue  
and then I ran. That was not fast  
enough so I took a cab for High Bridge.  
I got out of the cab and started to run  
again. My clothes were too heavy,  
so I took them off. I remember climb-  
ing upon a freight train, I think. I  
don't remember anything more."

Dr. Knudsen is a native of Honolulu,  
member of an old pioneer family there  
and a world's traveler. He was gradu-  
ated from Harvard in 1896, and took  
his medical degree in 1900. He has  
been traveling over the world since  
his graduation.

## ROUGH VOYAGE REPORTED

Big Ocean Lines Reaches Port Having  
Weathered Severe Gales.

New York, Oct. 17.—Battered during  
nearly the whole of the voyage from  
Glasgow by terrible seas, the Caledonia  
arrived yesterday and the passengers  
told of hurricane weather and constant  
vigil on the part of Captain Baxter  
and his officers.

In the same great storm that brought  
death to the passengers on the Cu-  
narder Campania, the Caledonia  
plunged on Wednesday. Four twen-  
ty-four hours the great liner strug-  
gled against the engulfing seas while  
behind the steel doors of the deck  
houses, the cabin passengers were im-  
prisoned as the crush of water swept  
the ship's decks.

They were terror-stricken and the  
crashing of the table crockery as the  
ship pitched into the great hollows un-  
nerved the company, the women kneel-  
ing and praying during the entire night.  
During the storm there were no serious  
accidents to the passengers.

## Alabama Farmers Holding Cotton.

Montgomery, Ala. Oct. 17.—At a  
mass meeting of cotton growers of  
Montgomery county here the determina-  
tion of the farmers to hold the staple  
for a minimum price was made evident.  
Speakers alleged that the growers  
were defrauded by speculators in the  
manipulation of a fictitious market and  
the necessity for concerted action on  
the part of the public was urged. Plans  
were inaugurated for the erection of  
an extensive warehouse in this city for  
the storage of cotton and \$1,100 was  
subscribed as a nucleus for the carry-  
ing out of the scheme. The present  
warehouse system in private hands was  
condemned.

## Justice Guilty of Malpractice.

Birmingham, Ga., Oct. 17.—After be-  
ing out forty-three hours, the jury in  
the case of Thomas J. Sheffield, justice  
of the peace, charged with malpractice  
in office, returned its verdict, finding  
the defendant guilty, and recommend-  
ing him to the extreme mercy of the  
court. Judge Conn immediately sen-  
tenced the prisoner. He told him that  
he had sentenced another justice who  
was recommended to the mercy of the  
court to pay a fine of \$500, with the  
alternative of six months in jail, but  
that, in view of the recommendation to  
extreme mercy, he would fine him \$400  
and costs, with the same alternative  
sentence.

## New Railroad Organized.

Beaufort, S. C., Oct. 17.—The Beas-  
fort and Western railway, under char-  
ter granted by the last legislature, was  
organized with \$100,000 capital, to build  
a bridge and railroad from Beaufort  
to Milledgeville, Ga. It is probable that  
extensions will also be built later. Di-  
rectors were elected as follows: F. L.  
Harris, R. P. Foster, H. M. Mandy, W.  
A. Allen and C. D. Jones. The fol-  
lowing officers were elected: President,  
F. L. Harris; vice president, R. P. Foster;  
secretary, H. M. Mandy; and treasurer, C. D. Jones.

## POLICE SEARCH FOR WOMAN'S MURDERER

Slayer of Bessie Burton May  
Soon be in Toils of Law.

### IS BELIEVED TO BE IN 'FRISCO

The Man Wanted for This Brutal  
Crime, the Police Believe, is Hiding  
in California City—Former Pal Tells  
of Whereabouts.

Berkeley, Cal., Oct. 17.—As the re-  
sult of a lengthy conference last night  
with William Ellis, of Australia, who  
lies in the hospital with a fractured  
skull, inflicted, it is alleged, by a man  
known as Brush, alias Curtis, and  
who, it is also alleged, is accused of  
the murder of Bessie Burton, near Col-  
orado Springs, Colo., Marshal Volmer  
learned that the unknown woman who  
is alleged to have played a part in the  
scheme to end Ellis' life in Berlin once,  
succeeded in keeping Andrews hidden  
in Denver for two months.

On leaving Denver the pair went di-  
rectly to Vancouver from where they  
took the steamer Mowera for Aus-  
tralia, where they lived until departing  
on the Sierra about eight weeks ago  
for San Francisco.

While in Australia Brush, Ellis said,  
entered into all manner of confidence  
games and according to Ellis, they "had  
welcomed" on bets at the Kensington,  
race track. This was their chief rea-  
son for leaving Australia. In the anti-  
podes Brush lived under the name of  
Clayton Hill, which he told Ellis was  
his true name.

It is believed by the local police  
that Brush and the woman who accom-  
panied him are located in San Francis-  
co, and that their capture will be a  
matter of but a short time.

Ellis said last night that Brush fur-  
ther told him that the woman he was  
with is a French Canadian whom he  
first met in Montreal, Canada.

## Italy's Attitude Explained.

New York, Oct. 17.—A cable dis-  
patch from Rome to the Herald says  
that the Agency-Office replying to  
questions from newspapers as to what  
attitude Italy would take in the event  
of a conflict between Great Britain and  
Germany, says that Italy is bound by  
an alliance whose termination is still  
far off, but observes correctly and  
strictly the part of the triple alliance  
which is a guarantee of peace and an  
elimination of dangers, but that in  
case it would not be possible to attain  
this object, Italy would fulfill her duty  
with the same firmness with which she  
has defended the peace of Europe up  
to the present time.

## Red Flags in St. Petersburg.

St. Petersburg, Oct. 17.—For the  
first time since the advent of M. Tre-  
poff as head of the government of St.  
Petersburg, demonstrations on a large  
scale took place here Sunday, the oc-  
casion being the removal of the body of  
Prince Troubetzkoy to the Nikolai sta-  
tion for shipment to Moscow. At-  
tents, workmen and spectators gath-  
ered in thousands in the streets, and  
demonstrations with red flags paraded  
boldly through the Neva prospect,  
the city's main avenue. The crowds  
and processions were several times  
charged and dispersed by the mounted  
police, but fortunately, with no grave  
consequences.

## Preacher Refuses To Be Deputed.

New Haven, Conn., Oct. 17.—Rev.  
George H. Harris, pastor of Cavalry  
Baptist church, refused his services  
yesterday with the statement that he  
felt it his duty to decline to be a de-  
legate of the Baptist church to the con-  
ferring meeting of the federation of the  
churches in Philadelphia, because of  
the refusal to admit representatives of  
the Unitarian churches. Mr. Harris de-  
clared the action unchristianlike and un-  
Christian.

## Came to Supreme Court.

Washington, Oct. 17.—The case of  
Mrs. Mary W. Rogers, under sentence  
of death of the Vermont state on the  
charge of murdering her husband, to-  
day was argued by her counsel before  
the United States supreme court.

## MAN KILLS WOMAN AND SELF.

No Cause is Known to the Police for  
the Murder and Suicide.

Stoux City, Iowa, Oct. 17.—Walle  
driving in a hack from a hotel to a  
railroad station, E. H. Darrow, aged  
60, shot and killed his son's wife, Lil-  
lian Darrow, aged 25, and then shot  
himself in exactly the same place—the  
right temple—both dying instantly.

The hack driver immediately upon  
hearing the first shot, and without  
stopping to investigate, started for the  
police station. In two or three min-  
utes he heard a second shot. When  
the police station was reached both oc-  
cupants of the carriage, sitting upright  
on opposite seats, were found to be  
dead.

The cause of the murder and suicide  
has not developed. E. H. Darrow  
and the woman came to the Acadia ho-  
tel, in this city, on Oct. 10, registering  
as "E. H. Darrow and wife."

They went away, but returned again  
Saturday and this afternoon started  
for the Milwaukee station, ostensibly  
to take a train for Stoux Falls, the  
home of Mr Darrow's son.

Letters were found on the dead wo-  
man's person, unsigned, but apparently  
from her husband, indicating that they  
had trouble, but protesting undying  
love for her, and saying that the writer  
is dying of a broken heart.

## AMERICANS ARRIVE SAFELY.

They Make Journey Through Moorish  
Country Without Mishap.

New York, Oct. 17.—In spite of for-  
mal warnings by the American and  
Moorish authorities, John Larkin, a  
New York lawyer and his wife resolved  
to face the dangers of an overland  
trip from Tetuan to Tangier through  
the Anghera mountains, says a cable  
dispatch to the Herald from Tangier.

After a troublesome journey the trav-  
ers arrived here safely Saturday  
evening, accompanied by the well-  
known Sheriff Waxman. They report  
having met bands of armed men who  
offered no resistance to their advance  
through Anghera territory, the roads  
leading to which were in the most de-  
plorable condition.

Mr. Larkin was disguised in Moorish  
dress, while Mrs. Larkin was taken  
for a native woman. This is the first  
time foreigners have undertaken a  
journey through the Anghera region  
since the beginning of the revolt last  
year.

## Father and Sons Kill Man.

Chicago, Oct. 17.—After he had been  
stabbed by Joseph Toscano while en-  
gaged in a fight last night, Vito Fo-  
glio, 60 years old, drew a revolver and  
fired at Toscano. As he fell in the  
street, Foglio's two sons, Pietro, 30  
years and Anthony, 14 years old, who  
witnessed the fight, both drew revolv-  
ers and fired several shots at the  
body. Toscano was dead when the  
police arrived. Whether Foglio or his  
sons killed Toscano is puzzling the  
police. Vito Foglio is arrested and  
taken to the hospital where it was  
found he suffered two large scalp  
wounds and two wounds in the face.  
The sons escaped. The cause of the  
quarrel between the elder Foglio and  
Toscano is a mystery. Toscano lived  
in LaPorte, Ind.

## Indignation Against Mormons.

Chicago, Oct. 17.—A special to the  
Herald from Philadelphia says that  
heaped up to a high pitch of indig-  
nation against the Mormons by an ad-  
dress delivered by ex-Senator Francis  
J. Cannon, of Salt Lake City, last night  
at Olivet church, the congregation rose  
to a body when asked if desirous of  
using their personal influence in ob-  
taining the exclusion of Reed Smoot  
from the senate. A memorial calling  
upon Pennsylvania senators to vote  
for expulsion was largely signed.

## Will Address the Negroes.

Jacksonville, Fla., Oct. 17.—In ad-  
dition to the address which he will de-  
liver before the citizens of Jackso-  
ville generally, President Roosevelt  
will stop on his drive around the city  
and deliver an address to the negroes  
at the Florida Negro Baptist academy.  
Secretary Lusk has notified the com-  
missioners of the board of education  
that the president will address the  
negroes at the academy on the subject  
of the education of the colored people.

## JAPANESE ENVOY ARRIVES AT TOKIO

Emperor of Japan Accords Him  
a Royal Welcome.

### IS SATISFIED WITH HIS WORK

The Mikado Showed Exceptional Hon-  
or to Baron Komura by Dispatching  
His Aide-de-Camp to Yokohama to  
Greet Him.

Tokio, Oct. 16.—4:30 p. m.—Baron  
Komura, the foreign minister, who acted  
as chief peace plenipotentiary for  
Japan, arrived here today from Van-  
couver, B. C., Oct. 3.

His reception at the railroad station  
was not enthusiastic, those present be-  
ing principally government dignitaries.  
The streets were strongly guarded  
by troops, police and gendarmes. The  
baron drove to the palace in an imper-  
ial carriage.

The emperor showed exceptional hon-  
or to Komura by dispatching to Yoko-  
hama, where he landed from the Em-  
press of India, Colonel Inouye, his ma-  
jesty's aide-de-camp, who went along-  
side the steamer in a dispatch boat  
and brought Baron Komura ashore.

Baron Komura landed at the imper-  
ial enclosure. While the baron was  
on his way to Tokio, by train, Colonel  
Inouye constantly kept at Komura's  
side and at arrival here they drove  
together to the palace in an imperial  
carriage sent from the household sta-  
bles.

The emperor cordially received Bar-  
on Komura, and during the audience,  
which lasted over an hour, it is be-  
lieved the baron made a full verbal re-  
port to the emperor of the course of  
the peace negotiations, emphasizing  
President Roosevelt's efforts in behalf  
of peace.

At the close of the audience the em-  
peror honored the baron with a written  
personal message, highly prized by  
Japanese statesmen. The message ex-  
pressed satisfaction at the fact that  
peace was concluded, and commended  
Komura's able services as shown dur-  
ing the negotiations.

## Must Not Criticize Peace Terms.

Tokio, Oct. 1.—1 p. m.—M. Te-  
rauchi, minister of war, has issued an  
order instructing the Japanese army  
in the field to abstain from criticizing  
the terms of peace on the grounds that  
the description of peace and of war are  
entirely the outcome of sovereign power.  
His order forbids the criticism of  
either subject especially by those en-  
gaged in military service. He advises  
the soldiers to utilize the opportunities  
of peace after the disbandment of  
their regiments by engaging in their  
respective occupations, always holding  
themselves in readiness to join the  
colors at the emperor's command.

## Arrested for Embezzlement.

Tampa, Fla., Oct. 17.—After 1  
year under an assumed name,  
G. Raymond Perry, formerly member  
of the school board at Marietta, S. C.,  
wanted there for embezzlement of pub-  
lic funds, has been arrested by City  
Detective Hall and is locked in police  
station at this place. Perry has been  
known here as R. W. McIntyre and  
has been representing a concern  
known as the Baltimore Supply com-  
pany. He has a wife and three chil-  
dren here, also a brother at Bartow,  
Fla., a contractor. The local police  
were asked last May to look out for  
him and they succeeded in identifying  
him today. He has been a respected  
citizen here and his arrest caused a  
sensation. He admits he is the man  
wanted, but denies he is guilty of any  
crime.

## Judge Speer Reversed.

Washington, Oct. 17.—In the case of  
E. L. Wimbish versus Henry Jam-  
ison, the supreme court of the United  
States today reversed the decision of  
the district court for the southern dis-  
trict of Georgia. This is the case in  
which United States Judge Speer in-  
terfered with the sentence of a pri-  
soner, Jamison, by a recorder's court  
of Macon, Ga., on work on the streets.  
The reversal of the case has the ef-  
fect of annulling the lower court's

## CONSTITUTIONALITY OF BUCKMAN BILL

To Be Attacked in the State Courts.

FIGHT NOW ON TO THE FINISH

Lake City People Mad Because State Board of Education Would Not Deny Entire Equipment of University. Refusal to Admit Student Ground.

The following appears in The Times-Union of 17th inst. under a Tallahassee date line:

"Judge Arch Henry of Lake City is here in consultation with Attorney-General Ellis. The citizens of Lake City, whom he represents, will probably institute legal proceedings to test the constitutionality of the Buckman bill.

"The refusal of the State Board of Education to convey the equipment of the University of Florida, as agreed at a meeting of the joint boards, July 24, is the cause of great dissatisfaction."

It has been understood by the people of Gainesville for some time that the Lake City people would contest the constitutionality of the Buckman Bill, their pretext for doing so being the refusal of President Bledsoe of the State University to admit a student who was not qualified under the provisions of the Buckman law.

The fight cannot commence too soon to suit the people of Gainesville, all of whom are anxious to have the question settled. The people of Lake City, that is the masses, are also equally anxious for a final settlement of the constitutionality of the law, and it is to be hoped that Judge Henry will no longer delay the instituting of legal proceedings in the matter, for no one as all acquainted with the situation ever doubted that it was the intention of certain Lake Cityites to do otherwise from the moment they were caught in the trap which they had set for Gainesville, Bartow, Tallahassee and DeFuniak.

Should the courts decide the law unconstitutional the various State schools remain as they were prior to the Buckman Bill, except that there would be no available funds with which to conduct them, and Governor Broward would face the alternative of depriving the children of Florida of the advantages of higher education for two years, or calling an extra session of the Legislature to make appropriation for operating the University and other State schools.

"Lay on MacDuff, and damned be he who first cried 'hold, enough.'"

### GODFREY-NEWTON WEDDING.

Solemnized at Madison, Ga.—A Brilliant Event.

Alachua, October 17.—Mr. and Mrs. F. B. Godfrey returned home on Monday from Madison, Ga., where on Thursday, October 12th, they were united in marriage. Mr. Godfrey is the popular cashier of the Bank of Alachua, a sterling young business man, and his many friends accord him and bride a hearty welcome. The Atlanta Journal of Tuesday contained the following account of the nuptials:

"The entire first floor of 'Ivywood,' the beautiful country home of the bride, near Madison, was brilliantly lighted and decorated with bamboo, smilax and potted plants.

"In the front parlor a color scheme of white and green was observed. During the ceremony the bride and groom stood under an arch of white tulle and smilax from the center of which hung a globe made of white violets and roses.

"In the center of the dining room where a pink and white color scheme, was carried out, stood a heart-shaped table made beautiful by bunches of pink tulle and ribbon and lighted candles with pink shades.

"Promptly at 3:30 o'clock, to the strains of the wedding march, the bridal party came down the broad stairway. First came Miss Agnes Godfrey, sister of the groom, and Miss Elizabeth Walton; then Miss Lula Walker and Miss Lucia Goddard of Griffin; Miss Mamie Cooper of Atlanta, and Miss Caroline Callaway; Miss Sims of Newman, and Miss Sue Reid Walton; Miss Mary Walton Trammell and Miss Kitty Newton. ### Church Blown Up by Gas.

Pittsburg, Oct. 17.—The First Presbyterian church at McKees Rocks, a West End suburb, was blown up by natural gas about noon today and the entire building was damaged. The explosion is said to be the result of a leak in the basement of the building which was sought by the janitor with a lighted candle. The janitor was severely burned.

### Medicine and Ceremonies.

The physicians of mediæval England, who were for the most part monks, friars or Jews, possessed a large assortment of remedies, some of them borrowed from the Byzantine physicians, others from the traditional practice of the people. Christian physicians, however, called religion to their aid. None of their remedies was administered without ceremonial. While the medicine was being compounded the patient would say twelve times over one of the psalms, beginning "Misereere mei, Deus," then several paternosters, "then drink the dose and wrap thyself up warm," or he would sing the psalm, "Salvum Me Fac, Deus," then drink the draft out of a church bell, the priest finishing the cure with prayer.

Dr. Creighton remarks that, as the maladies of the middle ages contained an unusual element of hysteria, the ceremonial may not have come amiss as an aid to the treatment. Physicians gained considerable fees by their practice, which the people appear to have grudged them. The satirical writers constantly accuse them of greed, but these charges were probably owing to the prevalence of the idea, not yet extinct, that as "medicine is from the Lord God," the leech was not entitled to a money payment.—London Spectator.

### Don't be Imposed Upon.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

### Stables in Trees.

In the Bahama Islands there flourishes a tree the roots of which attain to enormous proportions, often reaching to a height of fifteen or twenty feet above the surface of the earth, spreading in all directions, underground as well, in order to obtain sustenance and give support to the trunk and branches. On the tree grow innumerable balls of silky cotton, presenting an almost fairylike appearance as they glisten in the sunlight. They are in great demand for stuffing pillows, being soft as down. The spaces formed by the roots are often quite as large as fair sized rooms, and if roofed over one tree would form a commodious dwelling place for a family. In fact, it would be infinitely superior to the average native hut. Holes could be cut in the roots to allow of internal communication. Up to the present, however, the natives have not utilized them as houses, though they are frequently in request as stables for horses.

### Cures Chills and Fever.

G. W. Wirt, Nacogdoches, Texas, says his daughter had chills and fever for three years; he could not find anything that would help her till he used Herbine. His wife will not keep house without it, and cannot say too much for it. 50c. Sold by W. M. Johnson.

### The Hope of Runaways.

Our newspapers might be much better. They could easily be made more to the taste of the people of taste. But their unlovely crying of crime, disagreeable as it is, is an exceedingly important public duty, and in their faithfulness and veracious fortitude in keeping it up lies really the biggest part of our hope of a higher standard of honesty in public and private life. There is hope for any kind of sanity as long as it can be kept out of the papers.—Harper's Weekly.

## CHAUTAUQUA T BOWLING GREEN

In a Blaze of Glory in the  
Kentucky City.

### CUP GIVEN DR. STROUSE

and Citizens Unite in Paying  
Tribute—A Word Spoken for  
Gainesville—Rev. Dr. Strouse Prom-  
ises Fine Meeting.

Chautauqua at Bowling Green,  
Ky., closed on the evening of Oc-  
tober 10th, in a blaze of glory, says  
the Daily News of that city. In  
the closing of the event that paper says:  
"The surprise of the evening came  
when Dr. Strouse arose to make  
announcements. Before he had  
finished, Mr. Morgan Hughes stepped  
up to the platform and asked to say a few  
words."

He held a beautiful loving  
cup to his hand, which bore the fol-  
lowing inscription: 'Presented to Dr.  
B. Strouse by the pastors and  
people of Bowling Green, Ky., as a  
token of their high esteem and appre-  
ciation, October, 1905.' Mr. Hughes  
said few well-chosen words assured  
Dr. Strouse that the people of our city  
valued beyond expression the  
blessings he had brought them—  
his unselfish interest had touched  
hearts, and the loving cup which  
presented was only a token of their  
appreciation. He congratulated him on the  
success of the Chautauqua and  
promised him his most hearty support in the future.

The great applause that followed  
the most hearty ever heard under  
the tent and showed that he spoke the  
words of all the people. Dr.  
Strouse arose and presented a beautiful  
cup from the ladies of Potter Col-  
lege. Dr. Strouse's reply was most  
grateful. He expressed his appre-  
ciation most beautifully and all could  
hear it came from his heart. He  
closed amid applause that the  
Chautauqua came out \$48 above ex-  
penditure and that the management  
donated that as a contribution to  
the beautiful chautauqua audito-  
rium. He added that he wished to  
make the first subscription of \$100 to  
the building. He appointed  
Messrs. Hughes, J. Whit, Potter, Mc-  
Elroy, McElroy, Nabm, Moss and  
Johnson as a committee to build  
any subscriptions are already an-  
nounced. Dr. Strouse can be of won-  
derful benefit to our city from without  
as within. The Bible Confer-  
ence Chautauqua which he estab-  
lished three years ago at Gainesville,  
has fairly boomed that city."

Dr. Strouse is also booming our city  
when he gets an opportunity, and  
he will be able to boom the  
Chautauqua to be held here this win-

### Death of Miss Wilcox.

Death of Miss Frances V. Wil-  
cox, a young lady, occurred at her  
home, the Dormitory, at 2:30  
Tuesday, after a long illness.  
Miss Wilcox came here from New  
City in March last, being a suf-  
ferer from diabetes, which later devel-  
oped into Bright's disease, resulting in  
death.

During her residence in this city she  
was confined to the house most of  
time. She was a member of the  
Episcopal church, but has never been  
to attend services. She has a sis-  
ter residing in New York, Mrs. Dr.  
Well, and a brother in California.

copal church, and the interment will  
be made at Evergreen cemetery.

### Union Has Been Dissolved.

Stockholm, Sweden, Oct. 17.—The  
union between Norway and Sweden, en-  
gaged since 1814, has been dissolved.  
The house of the riksdag having passed  
the government bill repealing the  
union and recognizing Norway as  
a state. "Separate from the union  
of Sweden." The lower house  
voted the bill without debate, but  
the three members of the senate ex-  
pressed the opinion that the dissolu-  
tion was irreparable misfortune and  
that it would come when Nor-  
way would have the benefit of the  
union. The houses subsequently  
passed the bill.

## Vinol THE COD LIVER EMULSION WITHOUT OIL

**Vinol** is fast superseding old-fashioned cod liver oil and emulsions because, without a drop of oil or disagreeable feature, it contains all the medicinal elements of cod liver oil, actually taken from fresh cod livers. By our process the oil, having no value either as a medicine or food, is separated from the medicinal elements and thrown away. Unlike old-fashioned cod liver oil and emulsions, Vinol is deliciously palatable, agreeable to the weakest stomach, and therefore unequalled as a body builder and strength creator for old people, puny children, weak, run-down men and women, after sickness, and for all pulmonary diseases. Everything Vinol contains is named on the label.

**OUR GUARANTEE**—We have such faith in VINOL that if you will take it we promise if it does not benefit or cure you we will return your money without question. We take all the risk.

### Swiss Railroads Measure Children.

New York, Oct. 17.—The Swiss rail-  
road booking clerks have just been  
provided with machines for measuring  
the height of children traveling over  
their roads, and have been told that  
all children over 3 feet tall must pay  
full fare, says the Times. In summer  
months Switzerland is full of Ameri-  
cans who are often accompanied by  
tall children who never appear to be  
over ten years of age. Ten years is  
the Swiss limit for half fare. This  
has led to so many heated arguments  
in German and English that the govern-  
ment has decided to introduce the  
measure system.

### Searching for Murderer.

Richmond, Va., Oct. 17.—Search for  
the murderer of Jacob H. Thompson,  
of the staff of the New York Times,  
was begun in this city and Manches-  
ter today. Information from police  
headquarters, New York, received this  
morning is to the effect that Thomp-  
son's slayer has been partially identi-  
fied as Moses Taylor, a Manchester ne-  
gro, who went to New York after de-  
serting his wife. A reward of \$1,000  
is offered for the capture of the fugi-  
tive.

### Doctors Said He Would Not Live.

Peter Fry, Woodruff, Pa., writes:  
"After doctoring for two years with  
the best physicians in Waynesburg,  
and still getting worse, the doctors  
advised me if I had any business to at-  
tend to I had better attend to it at  
once, as I could not possibly live  
another month as there was no cure  
for me. Foley's Kidney Cure was recom-  
mended to me by a friend, and I  
immediately sent my son to the store  
for it, and after taking three bottles I  
began to get better, and continued to  
improve until I was entirely well." J.  
W. McCollum & Co.

### Governor Heywood to Visit Fair.

Columbia, S. C., Oct. 17.—Governor  
Heywood has accepted an invitation  
from Governor Terrell to be the guest  
of the Governor of Georgia on the oc-  
casion of the visit of the president to  
Atlanta next Friday, when President  
Roosevelt will speak at the Georgia  
state fair. The president's train will  
pass through South Carolina during  
the midnight hours and Governor Ter-  
rell wishes Governor Heywood to ac-  
cept an invitation from Georgia to  
attend the fair and welcome the pres-  
ident.

Washington, Oct. 17.—The motion  
to advance the hearing in the case of  
the state of Kentucky versus James  
Howard, convicted of complicity in  
the murder of Governor Gogbel, made  
in the supreme court of the United  
States last Tuesday, was today denied  
by the court. The case has already an  
advanced place on the docket and will  
probably be heard in December in the  
regular order of business.

### Attempted to Kill Brazilian Governor.

New York, Oct. 17.—The Herald-  
prints the following from Rio de Ja-  
neiro, Brazil: "A Bahia dispatch says  
that a man named Antonio Francisco  
Yagunco fired two revolver shots at  
the governor of the state, Senor Jose  
Marcelino de Sousa, wounding him in  
the head."

### Editor Forfeits His Bail.

New York, Oct. 17.—Charles H. Ahis,  
who was indicted last Friday on a  
charge of attempted extortion in an al-  
leged attempt last summer to sell a  
subscription to America's smart set for  
\$500, to Edwin M. Post, failed to ap-  
pear in court of general sessions today  
and his bail was declared forfeited.

### Fall of Tragic Meaning.

Are these lines from J. B. Simmons  
of Casey, Ia. Think what might have  
resulted from his terrible cough if he  
had not taken the medicine about  
which he writes: "I had a fearful cough  
that disturbed my night's rest. I tried  
everything, but nothing would relieve  
it, until I took Dr. King's New Discov-  
ery for consumption, coughs and colds,  
which completely cured me." Instantly

## BAD ACCIDENT TO NOBLE STROBHAR

Right Foot Crashed by Cars Near  
High Springs.

### WAS FLAGMAN ON THE TRAIN

Fell Under the Car When Train Was in  
Motion—Foot Was Amputated Above  
the Ankle Joint—Taken to Hospital  
at Waycross, Georgia.

One of those unfortunate accidents  
that are liable to occur any day on the  
railroad happened to Noble A. Stro-  
bhar of Gainesville, well known as  
"Noble," and liked by all who know  
him.

He was flagman on the train from  
High Springs on the Atlantic Coast  
line, and when two miles this side of  
that place at about 8 a. m. Tuesday  
morning an accident happened to the  
train, delaying it for a short time.

After everything had been adjusted  
the train started. When in motion  
young Strobar attempted to get on  
board, and in some manner his foot  
slipped, throwing him down in such a  
manner as to catch his right foot un-  
der the wheels, and it was badly  
crushed.

He was attended by the physician as  
quickly as possible and his foot ampu-  
tated at the ankle just above the joint  
and was sent to the hospital at Way-  
cross, Ga.

The accident will be a severe one to  
the young man, and his many friends  
in this city express regrets at his sad  
misfortune. He is about 20 years of  
age.

### Cures Winter Cough.

J. E. Gover, 101 North Main street,  
Ottawa, Kan., writes: "Every fall it  
has been my wife's trouble to catch a  
severe cold, and therefore to cough all  
winter long. Last fall I got her a bot-  
tle of Horehound Syrup. She used it  
and has been able to sleep soundly all  
night long. Whenever the cough trou-  
bles her, two or three doses stop the  
cough, and she is able to be up and  
well." 20c, 50c and \$1. Sold by W. M.  
Johnson.

The negro attempted to equip himself with an up-to-date coat without taking the trouble of paying for it, and a brisk scrap ensued, winding up eventually with the negro being arrested.

The Live Oak, Perry & Gulf Railroad, controlled and operated by Thomas and Robert Dowling, has, through its representatives, appeared before the Live Oak City Council, asking for a franchise allowing the road the privilege of bringing its line from near the B. ## OHIO BANK CLOSES ITS DOORS.

Attorney General of Buck-Eye State Tried to Annul Charter.

Cleveland, Oct. 17.—The Indemnity Savings and Loan company, a banking house at 353-355 Superior street, failed to open its doors for business this morning. The following notice was posted at the entrance of the bank:

"This company has made an assignment for the benefit of its creditors to H. B. Sanborn, who will make a financial statement as soon as an inventory can be made."

The Indemnity Savings and Loan company is the concern against which Attorney General Ellis began quo warranto proceedings in the circuit court on Saturday last with a view of preventing the company from continuing business in this state. The attorney general charged that the company had violated the state banking laws H. B. Sanborn, who is named as the assignee, is the president of the company. Officers of the institution declare that it is absolutely solvent and that depositors can readily be paid in full.

The bank had, when its last statement was issued, in June of this year, assets and liabilities amounting to \$1,292,681. The deposits were then \$623,661. The bank will resist the attempt to take away its charter and today filed a motion in circuit court to quash the summons of Attorney General Ellis.

## Astonishing Incident.

It was, to all her friends, an astonishing incident that Mrs. I. B. Hunt of Lime Ridge, Wis., was cured of her dreadful sickness. "Doctors," she writes, "had given me up; friends were ready to bid me the last farewell; clouds of despair darkened my horizon, and I was a wreck on the shores of despondency, when I began to take Electric Bitters for my frightful stomach and liver complaint. To the astonishment of all, I was benefited at once and am now completely and miraculously restored to health. At all drug stores; price 50c; guaranteed."

## Boy Will Cling to Mother.

Chicago, Oct. 17.—A dispatch to the Tribune from Wooster, O., says: "Although the decree of Judge Eason places the Taggart children under the guardianship of their father, Major Taggart may find it difficult to get Oliver into his possession without actually going to Mrs. Taggart's house and tearing the boy away from his mother. Mrs. Taggart will prepare Oliver to accompany his father, but to force him to leave her is an act she is not equal to. Oliver seems determined to resist the major's authority. Major Taggart's attorney, E. S. Werts, said last night if Mrs. Taggart chose to co-operate with Major Taggart in managing the children, she eventually will have them almost entirely with her."

## Will Try to Recapture Cup.

New York, Oct. 17.—American automobile enthusiasts are already looking forward to bringing back the Vanderbilt cup which was won Saturday by Hemery, of France. In a conference yesterday with several automobile manufacturers as well as a number of enthusiasts, E. R. Thomas, of Buffalo, decided to give a cup to the winner of the 1906 elimination race, which will be held in this country next year to pick a team to go to France. The manufacturers promised Mr. Thomas to start early to build cars that will bring the cup back to the United States. "The reason this cup is put up," said Mr. Thomas, "is to get a large number of automobilists interested and get them together long before the date of the preliminary trials."

Augusta, Ga., Oct. 16.—With the beginning of freight and passenger service on the Augusta and Florida railroad announced to commence next Monday, there begins one of the biggest immigration movements ever undertaken. For some months the Gough Land and Improvement company, of Gough, Ga., has been quietly at work arranging details for the movement of several hundreds of families from the north-west to their locality on the Augusta and Florida railroad. They have associated with them Brobston, Fending & Co., the real estate dealers and developers of Brunswick and Jacksonville, and have arranged all details for the opening of Gough to the general public on November 14, 15 and 16.

At the close of the fifth week of the strike men are still out in fifty-three cities, although the bulletin says that only a few are out in a number of them. ## Saved His Life.

J. W. Davenport, Wingo, Ky., writes, June 14, 1902: "I want to tell you I believe Ballard's Snow Liniment saved my life. I was under the treatment of two doctors, and they told me one of my lungs was entirely gone, and the other badly affected. I also had a lump on my side. I don't think that I could have lived over two months longer. I was induced by a friend to try Ballard's Snow Liniment. The first application gave me great relief; two fifty-cent bottles cured me sound and well. It is a wonderful medicine and I recommend it to suffering humanity." Sold by W. M. Johnson.

## Another Automobile Victim.

Chicago, Oct. 17.—With her head resting on the bank of flowers intended for the funeral of another child, 10-year-old Isabella Walker was carried last night by the automobile which had struck and fatally injured her, to the office of a physician where she died on the pillow of white roses. The girl was fatally injured while crossing Ashland boulevard. L. F. Stevens, the driver of the machine, was arrested. Mr. Stevens, with his brother, Thomas E. Stevens, was hurrying to the home of a friend and his brother held in his arms a large floral pillow for the funeral of the friend's little daughter.

Washington, Oct. 17.—The president has been asked to investigate charges against Governor Brady, of Alaska. ## Need Not Wear Her Out

The drudgery of house work seems never ending to tired-out, dispirited women who suffer from female complaints or irregularities. But let no woman despair of relief from this torture. That famous tonic reconstructor of diseased or disordered female organism,

has cured more than one million American Women, and it will cure you. When monthly periods are painful or irregular, when backaches and headaches drive out all ambition, Lydia E. Pinkham's Vegetable Compound will bring back health, strength, and happiness.

## It Gave Me New Life and Vigor

DEAR MRS. PINKHAM:—Last spring, while we were moving, I did considerable more work than my strength permitted, and, having mental trouble at the same time, my health broke down completely and I found myself unable to rest or eat. My nervous system became shattered and I was pale and emaciated and had to take to my bed. My sister advised me to try Lydia E. Pinkham's Vegetable Compound, and, although I had no faith in patent medicines, I was so miserable that I would take anything for relief. I found that it made a complete change for the better, inducing appetite and restful sleep and imparting new life and vigor to my entire system. I gained nearly fourteen pounds, my complexion looked fresh and clear, and my best friends were surprised and pleased at the change and could hardly credit the fact that Lydia E. Pinkham's Vegetable Compound had accomplished it.

A Fine Animal Captured After an Exciting Chase.

They went to the old hunting grounds west of the city, and soon had the game up a tree. The fox was given a chance for his life, and when the hounds started in pursuit there was much excitement, until he was run into a gopher hole. On the second run he was chased to a tree and captured.
